A. C. McWATTERS,
Controller of the Currency.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR MARCH 1922.

I. Character of the Season.—Excepting some scattered showers in parts of North and East Bengal towards the latter part of the month, the weather continued dry. The usual rainfall statement is appended.

II. Progress of Agricultural Operations.—The absence of rain retarded the preparation of land for the sowings of jute and other autumn crops. The rainfall in the latter part of the month, however, slightly improved the situation for jute sowings in parts of Eastern Bengal.

III. State of Standing Crops.—The condition of standing crops was not favourable owing to lack of soil moisture.

IV. Prospects and Probable Outturn.—The prospects of *boro* paddy, wheat and vegetables were reported to be generally unfavourable. The outturn of *rabi* crops was estimated at 77 per cent. of the normal.

V. Damage to Standing Crops.—The standing crops were reported to be greatly damaged in places owing to the continued drought.

VI. Condition of Agricultural Stock.—The condition of livestock was generally fair. Cattle disease was, however, reported to be more or less prevalent in the districts of Nadia, Murshidabad, Burdwan, Bankura, Hooghly, Darjeeling, Rangpur, Cooch Behar, Dacca and Mymensingh.

VII. Failure of Pasturage and Fodder.—Excepting from parts of Murshidabad, Jessore and Khulna, no insufficiency of fodder was reported.

VIII. Prices of Food-grains.—During the second fortnight of the month, the price of common rice of the cheapest quality fell in five districts, rose in twelve and remained stationary in the rest of the Province. It varied from 6 seers per rupee at Hooghly to 8½ seers per rupee at Rangpur.

IX. Condition of Agricultural Population.—The condition of agricultural population was reported to be generally fair.

J. C. ROY,

for Director of Agriculture, Bengal.

DACCA, the 11th April 1922.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 11th April 1922.

Summary.—Light rain was general throughout the Province. It has facilitated the agricultural operations; more rain is, however, needed. Sowings of jute and paddy have commenced. Harvesting of spring crops is approaching completion. The average price of common rice for the province has risen by about 0·41 per cent. as compared with that of the previous week.

TRIENNIAL RESOLUTION ON THE OPERATIONS OF THE CALCUTTA IMPROVEMENT TRUST.

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

CALCUTTA, THE 11th APRIL 1922.

RESOLUTION—No. 1823M.

READ—

The reports on the operations of the Calcutta Improvement Trust for the years 1918-19, 1919-20 and 1920-21.

1. **General.**—The Improvement Trust was created in 1912 for the improvement and expansion of Calcutta by opening up congested areas, laying

out or altering streets, providing open spaces and for the rehousing of the poorer persons displaced by the execution of improvement schemes. The last triennial resolution referred to the manner in which the work of the Trust has been checked and delayed by the war. Nor did the end of the war bring immediate relief, since engineering materials were still scarce. Moreover, the rise in the rate of interest at which money can be borrowed and the enhanced cost of works, has made the question of finance a pressing one. The development of suburban areas—Cossipore-Chitpore and Maniktola—is no longer possible; it has been decided that the Board should concern itself in the first instance with the construction of main roads in the centre of Calcutta which no other local authority could undertake. Proceeding on this principle the Trust has made substantial progress in the provision of city thoroughfares; the great central avenue scheme is being pushed on the widening of Russa Road is slowly approaching completion and Park Street is already vastly improved, while the important scheme for its extension is making steady progress.

The high cost of building has retarded re-building operations on land sold or exempted by the Trust, and the housing problem in 1920 became most acute. At the same time, a land boom set in; money was cheap and land became a favourite form of investment; the price of land rose to surprising heights. It must be some time before building overtakes the shortage for which the war was responsible.

2. **Improvement Schemes.**—During the years under review Government sanctioned six improvement schemes; of these two formed the southern section of the great north and south thoroughfares (Central Avenue), one provided for an extensive park which in combination with the fringe area scheme of the Calcutta Corporation will provide splendid recreation grounds for the youth of northern Calcutta, and another scheme provided for the construction of the new main sewer road from Chetla to Ballygunge railway station, which is designed to improve the general drainage of an unhealthy and sparsely populated area.

The first section of the scheme for the improvement of Bara Bazar was published for criticism, but it was held in abeyance pending the alignment of a road system for the whole area. At the time of writing three important series of alignments have been sanctioned and improvement schemes will be taken up in small sections for the 100 acres of almost solid building known as Bara Bazar. The financial question has in this connection assumed special importance; the revenues of the Trust are already mainly earmarked for the long series of improvement and alignment schemes, which have been sanctioned, and if the improvement of Bara Bazar—for which the Trust was primarily constituted—proves costly, its execution could only be financed by the curtailment of the sanctioned programme.

There is, however, reason to believe that many Bara Bazar schemes may yield a profit instead of proving a heavy charge on the revenues of the Trust and after a careful study of the financial position, Government have agreed that the Trust might proceed with its first improvement scheme which will shortly be published; the execution of this scheme will afford data which will enable the Trust to decide whether the transformation of Bara Bazar can be achieved without the curtailment of other part of the general programme or whether a complete revision of the approved schemes will be necessary.

3. **Squares and Parks.**—In pursuance of the policy of providing open spaces in the north of the town and in the suburbs, the Trust embarked on the selection of sites for parks and squares in Maniktola, Cossipore-Chitpore, Ratan Sarkar Garden Street (Pathuriaghatta), Ramkissen Das Lane (Badurbagan) and Amherst Street.

4. **Howrah.**—The question of extending the operations of the Trust to Howrah has been the subject of prolonged discussion. Having regard to the urgent necessity of improving Howrah and preventing the growth and perpetuation on the west bank of the Hooghly of conditions which can hereafter be remedied only at enormous expense, the Board of Trustees declared

themselves willing to undertake the improvement on suitable financial conditions. As this could not be given effect to without amending the Act, it was decided that a Bill should be prepared; it is hoped that definite proposals for the improvement of Howrah and a draft Bill will shortly be ready.

5. Rehousing Scheme.—For the accommodation of persons displaced by the execution of their schemes, the Trust embarked on the preparation of rehousing schemes and, following the natural tendency of the people of the working class who prefer to live in the sort of hut to which they are accustomed, selected sites were acquired in Beckbagan and Maniktola for the erection of sanitary huts on well-raised plinths. Another site was acquired in Karbala Tank Lane in order to build houses to be let temporarily to persons displaced by improvement schemes. Sanction was also accorded to a scheme for the erection of tenement dwellings and the creation of an open space for the Anglo-Indian population rendered homeless by the section of the Central Avenue to the south of Bow Bazar Street. Land is being acquired in Cossipore-Chitpore for the purpose of providing suitable building sites on which persons of the poorer classes, whose houses have been acquired by the Trust and whose slender means prevent them from purchasing sites in Calcutta, may build new houses under the control of the Trust. The Calcutta Corporation transferred to the Trust the development scheme south of Shambazar Park for reinstating those displaced by improvement schemes in the north of the town. But neither these operations nor the restriction of house rents imposed by the Calcutta Rent Act are sufficient to solve the housing problem in Calcutta. At present, one of the chief obstacles to the expansion and development of Calcutta is the difficulty which building societies and companies experience in obtaining land and securing a firm title. It was on this account that the Calcutta Rents Committee appointed in September 1919 recommended that Government should utilise the provisions of the Land Acquisition Act to acquire land for bodies which had been formed definitely for the provision of housing accommodation. In pursuance of this recommendation a resolution was issued by Government in the year 1920 announcing that they would acquire land under the Land Acquisition Act for approved schemes on behalf and at the cost of registered companies for housing purposes so long as emergent measures are necessary for the development of Calcutta. This resolution had however, subsequently to be withdrawn on account of legal difficulties.

6. Projected public streets.—In order that intending builders—might know clearly how their plans were likely to be affected by the operations of the Trust, as well as to prevent future improvement schemes being blocked by the creation of new buildings, 17 projected public streets were sanctioned, within the alignment of which new buildings cannot be constructed.

7. Finance.—(i) The receipts from the duty on transfer of property, jute tax and the municipal contribution steadily increased. But on the other hand, the pay of the establishment has been revised in view of the increased cost of living; the cost of materials has increased, and in view of the recent land boom, land values are no longer stable. Owing to the scarcity of house accommodation and the hardship caused by evicting householders, the Trust has decided not to carry on demolition of buildings within the area of acquisition until something is done to remedy the house shortage. This delays recoupment by the sale of surplus land. The result is that much capital is locked up in land. The Board decided to raise a loan to carry out its programme of work and was permitted by Government to borrow Rs. 50 lakhs from the Bank of Bengal on collateral security.

(ii) The total income and expenditure under the capital account during the three years ending the 31st March 1921 were, respectively, Rs. 155½ lakhs and Rs. 258 lakhs and those under the revenue account Rs. 118 lakhs and Rs. 25 lakhs. The deficit in the capital account, was met from the revenue account which closed with a net balance of Rs. 53 lakhs (as against Rs. 62½ lakhs at the end of 31st March 1918).

8. The Government of Bengal (Ministry of Local Self-Government) desire to thank Mr. Bompas and the other Trustees for the steady progress which has been made in the improvement of Calcutta in spite of the numerous difficulties which have arisen. Mr. Bompas has been Chairman of the Trust from its very inception and his wide experience and sound judgment proved exceptionally valuable in trying times.

By order of the Government of Bengal
(Ministry of Local Self-Government).

S. W. GOODE,
Secretary to the Government of Bengal (offg.).

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 19th April 1922.

Summary.—During the week slight rain fell in some parts of the northern districts; elsewhere the fall was practically nil. Rain is badly needed all through the Province. Sowings of jute and paddy are being impeded. Harvesting of spring crops is nearly completed. The average price of common rice for the Province has risen by about 3 per cent. as compared with that of the previous week.

REMARKS—1. The above table is compiled from returns collected by the municipalities and submitted to the Director of Public Health by the Civil Surgeons, and in a few instances are obviously incomplete.
 2. The vital statistics of municipalities with a population of less than 10,000 have been excluded from this statement and incorporated.
 3. The birth and death ratios per 1,000 per annum have been omitted from this statement according to the Government of India.
 4. Figures for the different diseases are not available for the corresponding month of the previous year.

LIBERALITY OF BABU RAJANI KANTA DATTA.

No. 1961M., dated Calcutta, the 26th April 1922.

From—S. W. GOODE, ESQ., I.C.S., offg. Secretary to the Government of Bengal, Local Self-Government Department,
To—The Commissioner of the Presidency Division.

WITH reference to your letter No. 316Mis.-G., dated the 28th March 1922, reporting that Babu Rajani Kanta Datta of Habibpur, in the Ranaghat sub-division of the Nadia district, has made donations of Rs. 12,000 and Rs. 8,000 respectively, for the re-excavation of a tank and the establishment of a charitable dispensary at Habibpur, I am directed to request that the thanks of Government may be communicated to him for his liberality and public spirit.

**RESOLUTION ON THE REPORTS OF COMMISSIONERS OF
DIVISIONS ON THE WORKING OF MUNICIPALITIES
DURING 1920-21.**

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT.

CALCUTTA, THE 1ST MAY 1922.

RESOLUTION—No. 2016M.

READ—

The reports of Commissioners of Divisions on the working of municipalities during 1920-21.

1. **Number of municipalities.**—A new municipality was created at Bhola (Bakarganj); the total number of municipalities in Bengal thus became 116. As, however, the new municipality did not begin work during the year the statements appended deal with statistics for 115 municipalities.

2. **Elections.**—The elective system was in force in all except five municipalities. At present under section 14 of the Bengal Municipal Act, Government appoint one-third of the Commissioners of a municipality which has the elective system. In 1919 Government decided that an experiment should be made in certain municipalities, whereby the elected Commissioners, subject to Government control, should be invited to co-opt the remaining one-third of their body. This privilege was granted to the elected Commissioners of Nabadwip, Comilla, Chandpur and Jessore; it was found necessary to revert to the old system in Nabadwip. All except 12 municipalities have the right to elect their own Chairmen. The latter number has been reduced to five since the close of the year.

General elections were held in 16 municipalities. Little interest was shown in the municipal elections of Chandpur and Cox's Bazar, while there was no poll in any ward in Sherpur nor in one ward of Nawabganj.

Litigation in connection with the general election of the Kotrung Municipality held in 1918-19 was continued, and an appeal was preferred before the Subordinate Judge of Hooghly against the decision which the Civil Court had given in favour of the municipality. The Subordinate Judge set aside the election and passed a perpetual injunction on 17th May 1921 restraining the new Municipal Board from transacting any business. The Chairman preferred an appeal to the High Court, which has since set aside the order of the Subordinate Judge. The elections in two wards of the Maniktala Municipality and in one ward of the Basirhat Municipality were set aside by the Civil Court, appeals against which are pending in the High Court.

3. **Meetings.**—One hundred and sixty-one meetings or, on the average, one in every 14 failed for want of a quorum. The failure was most marked in Baduria where 6 out of 14 meetings proved abortive. The Commissioners of the North Barrackpore, Gobordanga and Murshidabad municipalities failed to hold monthly meetings. Eight out of 18 Commissioners of the Barasat Municipality absented themselves from several consecutive meetings while the attendance of the official Commissioners in this and eight other municipalities in the Presidency Division is reported to have been irregular.

4. **Ratepayers and voters.**—The number of ratepayers rose from 319,906 to 322,466 and the population residing within municipal limits (2,631,500) showed an increase of 57,700 according to the last census. The

ratio of ratepayers to the population averaged nearly 16 per cent. in the Presidency as a whole, and varied from 37·5 per cent. in Kumarkhali to 3·3 per cent. in Titagarh, a mill town with a large cooly population. Other towns in which rates are paid by less than one-tenth of the people are the mill municipalities of Garden Reach, Bhatpara, Garulia, Champdani and Bhadreswar as well as Darjeeling and Narayanganj.

5. Assessment and taxation.—The average incidence of taxation per head of population was Rs. 2-11-9 showing a slight falling off, which is due to an increase in population according to the last census. The incidence is highest in the suburban municipality of Cossipore-Chitpur (Rs. 9-7-2). Next come the hill stations of Darjeeling (Rs. 8-8-4) and Kurseong (Rs. 7-0-11). In only two other towns (Howrah and Chittagong) it is above Rs. 5 while it is below Re. 1 in 31 municipalities or nearly one-fourth of the total number, falling in two cases to below 8 annas a head.

A general or partial revision of assessment was made in about half the number of municipalities, the net result being an increase of Rs. 3,17,209 in the municipal demand of the Presidency as a whole. In Cossipore-Chitpur the net increase of revenue amounted to Rs. 22,601, of which more than half was due to the assessment of new jute godowns. Maniktala, Burdwan and Barisal secured each an increase of more than Rs. 10,000 while in Bally an enhancement of the rate of taxation in three out of four wards brought in an additional income of Rs. 17,451. The revision of assessment in Kurseong in subject to the result of no less than 200 appeals, but the Chairman expects an increase of Rs. 6,000 in municipal revenue. A water-rate and tax on arable land were imposed for the first time in Nator and Sherpur, respectively. In the former town the tax on persons which had been in force in 5 out of 12 wards was replaced by a rate on holdings.

6. Collections.—There was a satisfactory increase of Rs. 2½ lakhs in collections, the percentage on the current demand rising from 90 to nearly 96. In 13 municipalities the collections were equal to or in excess of the current demand and in 17 they were over 99 per cent. On the other hand, the ratio was under 85 per cent. in nine municipalities, falling as low as 66 per cent. in Bally. Garulia and Nalchiti alone collected the full demand without any remission. The amount of remissions was smaller than in previous year and represented 2·5 per cent. on the current demand. The small municipality of Debhatta remitted more than quarter of its current demand while five others, viz. Kharar, Bansberia, Bally, Halisahar and Taki, remitted more than 10 per cent. Except in the case of Bansberia where remissions were granted on account of vacant holdings and exemptions allowed on account of altered circumstances of ratepayers, no explanation has been given for the high percentage of remission.

The returns show that there is a growing tendency to allow municipal revenue falling in arrears. In the Presidency as a whole, the balances outstanding at the close of the year amounted to Rs. 7,06,896 against 6 lakhs in the previous year and Rs. 5,40,076 in the year 1918-19. The Minister for Local Self-Government regrets to observe that the accumulation of such heavy arrears reflects credit neither upon the Municipal Commissioners nor upon their executive. Howrah shows the largest balance outstanding (viz., Rs. 2,11,780) and although an explanation has been given, the real reason for this heavy accumulation seems to be the weakness of the municipal executive in enforcing punctual payment by resorting, where necessary, to coercive measures which were adopted only in five cases. Other municipalities which had unduly large outstandings were Cossipore-Chitpur, Mymensingh, Bally, Dacca, Hooghly-Chinsura, Burdwan and Chittagong. In the case of the first named municipality the balance of Rs. 65,000 was mainly due to the non-payment of taxes due from the Eastern Bengal Railway, but in other cases no satisfactory explanation has been furnished. By a mistaken leniency towards defaulters, the Commissioners frequently impose a heavy handicap on their administration; the Minister trusts that prompt and vigorous measures will be taken to collect arrears. On the other hand, four

municipalities had no outstanding balances while in ten other cases they were less than Rs. 100.

7. **Income and expenditure.**—The total receipts including opening balance fell from Rs. 98,29,204 to Rs. 97,43,540; the decrease under the heads "Opening balance" and "Grants and contributions" counterbalancing the increase in receipts from taxation. Expenditure also fell from Rs. 81,33,115 to Rs. 74,26,217, mostly under the head "Public health and convenience."

8. **Closing balances.**—The closing balances rose from Rs. 17 lakhs to Rs. 23 lakhs; a large portion of this represents unspent grants and loans received from Government for improvement schemes, such as water-supply, drainage and sewerage, and includes the credit balance of special funds (*e.g.*, water, lighting, hackney-carriage and dispensary). About one-third of the total number of municipalities closed the year with a balance exceeding one quarter of the total expenditure. On the other hand, a number of municipalities failed to keep adequate working balances and in 13 cases they were insufficient to meet outstanding liabilities. Debhatta with an ordinary expenditure of Rs. 3,000 had a balance of Rs. 51 only while Satkhira with an expenditure of more than Rs. 9,000 closed the year with the exiguous sum of Rs. 43 in hand and with a liability of Rs. 492. In the case of Mymensingh, Muktagacha, Tollygunge, Barasat and Baduria the outstanding liabilities exceeded largely the closing balances. The worst offender was Muktagacha which had outstanding liabilities of Rs. 4563, or nearly half of its current demand against, an actual balance of Rs. 574.

9. **Education.**—The amount spent on education, including the Government grant of Rs. 1,06,056, was Rs. 2,83,955 or about 3½ per cent. of the municipal income as against 4·2 per cent. in the preceding year. The expenditure on primary education fell from Rs. 1,34,221 to Rs. 1,28,713, but it is satisfactory to note that only 13 municipalities, as against 22 in the previous year, failed to spend at least 3·2 per cent. of their ordinary income—the percentage which is taken to represent the amount required for the education of half the number of boys of primary school-going age. On the other hand, the percentage was over 5 per cent. in 53 municipalities and over 10 per cent. in 5.

The Rangpur Municipality resolved to levy an education cess under the Bengal Primary Education Act of 1519, and the Municipal Commissioners of Darjeeling decided to establish two primary schools, viz., one for boys and the other for girls, each to accommodate 300 students, and received a Government grant for the construction of the boys' school during the year. A model building, which will be a credit to the town, is now under construction. The Chandpur Municipality approved of the scheme drawn up by Mr. E. E. Biss regarding voluntary primary education.

10. **Water-supply.**—The waterworks at Mymensingh and Noakhali were completed during the year. Additions were made to those at Dacca and Burdwan. Considerable progress was made with the Midnapore waterworks. A scheme for the improvement of the Darjeeling waterworks was sanctioned by Government and is in progress. Schemes for the extension of the water-supply at Serampore and for the installation of a piped supply in one ward of Naihati were sanctioned. A modest scheme was also sanctioned for Patuakhali; a Government grant of Rs. 10,000 was made to meet the cost of sinking an experimental bore hole in connection with the scheme. A loan of Rs. 1,00,000 was granted by Government to the Krishnagar Municipality for the execution of its waterworks scheme. Projects for water-supply at Rishra-Konnagar, Faridpur, Ranaghat, Nabadwip and Bogra were prepared, but were not taken in hand on account of financial difficulties. Water-supply projects for certain other municipalities are under preparation.

The resources of many of the municipalities in Bengal are too limited to permit of their undertaking costly water-supply schemes. It is, however, believed that satisfactory schemes of a cheaper type, based on artesian borings or tube-wells, can be devised for the smaller towns, and Government

propose to purchase a boring plant for this purpose. In some municipalities the water-supply is obtained from tanks; where this is the case, it is clear that the Commissioners should be most vigilant and active in their measures to reserve the tanks.

11. **Drainage.**—The drainage scheme for Budge-Budge was in progress. Administrative approval was given to the drainage project for Krishnagar and a portion of Rangpur. A detailed scheme for improving the drainage of Basirhat was under the consideration of the Sanitary Board. The Municipal Commissioners of Hooghly-Chinsura, Serampore and Suri could not take up their drainage schemes for want of funds. Minor works were carried out in Bally, Bankura, Khulna, Chittagong, Gomilla, Darjeeling and Dinajpur.

12. **Conservancy.**—The conservancy charges were about Rs. 5½ lakhs in excess of the receipts from latrine fees which were levied in all but 16 municipalities. Certain municipalities in the Presidency Division derived income from the sale of nightsoil and the levy of rents for the surplus land of trenching-grounds.

The sewerage scheme for Kurseong was completed and that for Dacca was in progress. Sewerage schemes for which the local mills contributed liberally were prepared for Naihati and a portion of Kamarhati. It is hoped that Government sanction may shortly be accorded to the important Titagarh scheme. A scheme for Bhatpara, which is also of the first importance, is under preparation.

13. **Public health.**—It is a good sign that for the past few years almost all municipalities have been taking measures to improve sanitation by filling up or clearing insanitary tanks and ditches and by removing jungle.

Effective steps were taken to prevent the spread of cholera and small-pox which broke out in several municipalities in the Dacca and Rajshahi Divisions. Faridpur offered a reward for information of the first case of these diseases so that the Sanitary Inspector might immediately visit the locality, trace out the source of infection and adopt necessary measures for disinfection.

Influenza was responsible for no less than 262 deaths in Darjeeling. Vigorous steps were taken to cope with the epidemic, and the special medical staff had considerable success in their efforts to induce infected persons to proceed to the hospital, so as to secure a certain amount of segregation and more efficient treatment. Influenza tabloids were distributed gratis by Dinajpur, Azimganj and Jessore. Many municipalities distributed quinine among the poor people.

Vaccination depôts were opened in different parts of Naihati and several suburban municipalities. Additional vaccination staff, male and female, was employed in Dacca and Narayanganj. House-to-house vaccination, free of charge, was carried out in Dacca to popularise vaccination.

In the Burdwan Division all municipalities with one exception employed the requisite number of Sanitary officers. Rajpur and Kamarhati failed to appoint Sanitary Inspectors while the post of Health Officer remained vacant in Krishnagar, Chittagong and Barisal owing to the lack of qualified officers.

By-laws were framed by a number of municipalities for the eradication of water-hyacinth, and notices under section 200 of the Bengal Municipal Act were issued by some to remove this pest from tanks and waterways.

14. **Public works.**—The percentage of the outlay on public works to the total expenditure varied in the smaller towns from 2·1 in Birnagar to 56·9 in Taki and in larger municipalities from 5·4 in Kurseong to 30·4 in the South Suburban Municipality. The new town hall and municipal office in Darjeeling was completed.

15. **Loans.**—Loans amounting to Rs. 3½ lakhs were granted to five municipalities. Altogether 43 municipalities were in debt to Government; their total liabilities at the end of the year amounted to more than Rs. 40 lakhs.

16. **Audits and embezzlements.**—The accounts of almost all municipalities except Berhampore and Chittagong were audited during the year. No case of embezzlement was brought to light except a few cases of temporary misappropriation. The collection accounts of the Burdwan Municipality were in a chaotic state, and a Sub-Deputy Collector was deputed to remedy the defects disclosed.

17. **General Remarks.—Burdwan Division.—Howrah.**—The total ordinary income of the municipality fell from Rs. 13,58,278 to Rs. 13,54,719 while the total expenditure declined from Rs. 12,94,332 to Rs. 11,85,664. The decrease in expenditure occurred mainly under the head "Public health and convenience" owing to the restriction of repairs to roads imposed by the dearth of metal. The current demand on account of municipal taxes rose from Rs. 12,16,985 to Rs. 13,25,459. The latrine fund had been working at a deficit since 1917-18, and the Municipal Commissioners resolved to revise the scale of latrine fees with effect from the 1st April 1921. The scheme for the improvement of waterworks could not be taken up for want of funds, and the Municipal Commissioners have resolved to approach Government for a loan for the purpose. Analyses of the filtered water show the supply to be on the whole good and pure. Conservancy was as before carried on for the most part under the supervision of ten ward committees. Difficulties were experienced in the recruitment of sweepers and other menial staff. The methers and sweepers went on strike and their wages had to be increased, entailing an additional burden of about Rs. 50,000 on the latrine fund. Owing to want of funds the proposal for the removal of Nandibagan trenching-ground has not taken any practical shape. A sum of Rs. 45,764 was spent on the maintenance of stone and brick roads against Rs. 81,636 in the previous year. Out of 68·69 miles of metalled roads, 5·13 miles were metalled during the year against 20·33 miles in the previous year; the programme of road repairs was held up owing to the difficulty of obtaining metal. Health conditions in the municipal area, though a little better than in the preceding year, cannot be considered satisfactory. The birth-rate was 20·20 per mille against 21·78 while the death-rate was 43·08 per mille against 57·86 of the preceding year.

18. The administration of the Burdwan Municipality continued to be vested in a body of nominated Municipal Commissioners, who, however, are said to have shown as much vigour and zeal as though they were responsible to a vigilant and informed electorate. Conditions are not favourable to efficient administration. The town is hemmed in between the Damodar embankment and the embankment of the East Indian Railway, dotted over with innumerable tanks in various stages of preservation, and is therefore naturally a hot-bed of malaria. Practically no systematic attempt has been made in the past to tackle this disease, the Commissioners having concentrated their efforts on securing a good supply of filtered water and thus obtaining immunity from water-borne diseases. Nevertheless much has been accomplished, and the foundations of further progress have been laid. In particular, the Commissioners have brought about a substantial reduction of a large volume of arrear demands.

The towns of Asansol and Raniganj suffer in some respects from their situation in the coalfields and the proximity of large industrial works. The year under report witnessed much labour unrest, with the result that the menial staff of these municipalities showed a hankering for less work and more pay. The consequence was an increased burden on the municipal finance while the conservancy service was very indifferent. There was an unfortunate cleavage between the railway representatives on the Asansol municipal board and the Indian municipal commissioners, the latter opposing the compromise whereby on the extension of the elective system the railway settlement is to be made a self-governing ward with an income of its own while the railway officials passed several resolutions in favour of lavish expenditure which, had they been brought into effect, would have made the municipality bankrupt.

In Chandrakona, faction spoils to a large extent any possibility of good work; the Chairman and Vice-Chairman have been frequent absentees from the meetings. As regards the Midnapore Municipality Mr. Cook observes:—

“The executive has exercised their power on more than one occasion in a manner detrimental to the interest of the ratepayers. In one case, it was proposed to lease out to a private individual a public roadway leading to an old established bazar, thereby cutting off access to this bazar of a large part of the townfolk living to the west of the roadway.”

19. **Presidency Division.**—The Magistrate of the 24-Parganas criticizes the municipal administration of several towns in his district, such as Tollygunge, Panihati, Jainagar, South Dum Dum, Barasat, Baduria, Gobordanga, Halisahar, etc.; but, on the other hand, the Cossipore-Chitpur, Baranagar, Garden Reach, Titagarh, Bhatpara, Naihati and Baruipur municipalities are said to do good work and to be steadily improving local conditions. Steady progress is being made with schemes for water-supply and sewerage in Naihati, for sewerage in Titagarh and for flood-flush drainage in Budge Budge.

Mr. Prentice points out that the provision of an improved water supply for Cossipore-Chitpur is of great importance not only from the sanitary point of view but also from the point of view of public safety. A scheme for an unfiltered water-supply for purposes of fire-control has been suggested; but, as he points out, the Commissioners are naturally reluctant to commit themselves to the dual system while there is any chance of obtaining a sufficient supply of filtered water for all purposes, *e.g.*, under a satisfactory riparian water-supply scheme. “The position in Budge Budge is more difficult, as it is a long way south of Calcutta, and the supply of water from a central scheme might be expensive. However, the Commissioners have decided to ask the Chief Engineer, Public Health Department, Bengal, to frame a scheme for their consideration, and his proposals are awaited. Unfortunately the deep tube-wells that have been so successful in mills at Titagarh and elsewhere have not proved such a success in Garden Reach and Budge Budge; otherwise there might have been a fairly simple solution of the difficulty.

“The most important problems of municipal drainage in the district of the 24-Parganas are bound up with the fortunes of the Grand Trunk Canal scheme which for years past has held up schemes for the improvement of the drainage of Maniktala, Cossipur-Chitpore and part of South Dum Dum as well as of those of the riparian municipalities whose drainage it was proposed to lead into the Bagjolla khal.

“There has been considerable improvement in the market of Panihati and in one or two markets in Baranagar. But there are still complaints about the failure of the owners of the Garulia market to comply with the requisitions of the Municipal Commissioners. The condition of the market in Joynagar and Gobordanga is a good example of how the public welfare is subordinated to private interests.”

“More vigorous action is desirable in the improvement of insanitary *bustis*. Practically no schemes under section 245 of the Act are under preparation in any of the municipalities in this district, and yet some of the *bustis* to be seen in some of the best municipalities are insanitary in the extreme.

“There is great need for the more effective personal supervision of the municipal staff, indoor and outdoor, by the local executives of many of the municipalities in this district.”

The Khulna Municipality in general is doing its best for the health of the town, but is handicapped by want of funds.

Among other minor municipalities in the Presidency Division the most striking features of the year were the prevalence of strong party faction in Azimganj, so that opposition was not always honest, the practical bankruptcy

of Sathkhira after the inauguration of the water-supply, the reluctance in Jessore to issue warrants of distress, and the temporary failure of the Berhampore water-supply owing to shortage of coal.

The Commissioner of the Division observes :—

“Bad administration is too often at fault owing to the failure of the executive to make full use of their powers of coercion under the Act so as to remove common defects without cost to municipal funds. Though the main difficulty is want of money, the result for the money spent is in default of proper supervision not always the best. Without the growth of a strong public opinion supporting sanitary measures and vigorous control there can be no marked improvement under present conditions.

* * * * *

Nor do I see signs of any new spirit looking for a leader to carry broader views into effect. Even if a committee does not dare to face the capital outlay. I find no bias in favour of private enterprise in matters of public concern. And yet in the matter of lighting or water-supply, private companies might be expected to come forward if they be given proper encouragement.”

20. **Dacca Division.**—The Commissioner observes that it is difficult to find in most of the municipalities persons able and willing and with sufficient leisure to perform the work of Chairman and Vice-Chairman. The average work turned out is, however, in his opinion, fair. Mr. Lindsay, the Magistrate of Dacca, writes as follows as to the working of the municipalities in his district :—

“The municipalities have shared in the difficulties universally caused by high prices, but they have carried on their services without loss of efficiency. In both cases, however, they handicap themselves by bad collection of rates in spite of the ample powers given them by law. Commissioners themselves are often among the defaulters and are only too ready to intercede for defaulters among their constituents. Against these the municipal staff does not dare to take drastic action with the result that almost three-fourths of the collections are realised in the last quarter, and even when collections have been good, as in this year, 7 per cent. of the current demand is in arrear compared with $\frac{1}{2}$ per cent. in England. Municipal work could be carried much more easily if only collections were made promptly and fearlessly. This can only be done by making the Commissioners personally responsible for these collections as is the case with most local authorities in England.”

21. **Chittagong Division.**—The administration of Chittagong has not much improved. The roads generally are badly kept up, but considering the high cost of brick material and the expense of running the waterworks nothing else could be expected. Besides there are said to be so many parties among the Municipal Commissioners that it is a difficult task to carry any measure through at a meeting. Considerable improvement was effected in the financial position of the Comilla Municipality. The Commissioners of Chandpur deserve credit for adopting the scheme of voluntary primary education, but they have lately shown a deplorable tendency to interest themselves in party politics to the detriment of their administrative efficiency.

22. **Rajshahi Division.**—The Magistrate of Rajshahi observes :—

“Rampur-Boalia Municipality has been the subject of unfavourable comment annually for some time, and I see no indications of improvement. Their finances are in a deplorable state, and I can only attribute this to an entire lack of any desire for improvement. I am convinced that a little energy and personal attention would set the municipality on its legs, but these appear to be far to seek. The auditor's reports for some time past have drawn attention to persistent irregularities which the Commissioners apparently do not trouble to correct. Conditions at Nator are better.”

There is said to be a lack of any real civic spirit in the three municipalities in Malda.

The collections were very unsatisfactory both in the Pabna and the Serajganj municipalities. There is also no proper increase in taxation. Neither of the municipalities has taken steps to introduce the holding rate. Until this is done there is little hope of improving the municipal finances. Roads are said to be neglected and proper steps are not taken to improve the drains.

The Deputy Commissioner of Darjeeling writes as follows :—

“The municipality of Kurseong is much indebted to Mr. Addis, the Chairman, for the ungrudging way in which he has spent his time and energies in carrying on its business. It is uphill work. Kurseong has a piped water-supply, and its sewerage scheme is nearing completion. Its lighting is poor, its market (a private property) is in a congested locality, its arrangements for the slaughter of cattle and for the sale of meat are most defective, its surface drainage owing to deficient flushing is bad and the majority of its houses have grave sanitary defects. The income of the municipality is insufficient to finance an adequate loans programme, and there seems little prospect of the rateable value of the town increasing unless the town can be popularised by the development of vacant lands (private property) for building sites. Mr. Addis has proposed, with the small margin of income over expenditure which the revised assessment is yielding, to raise a loan for the construction of a modern meat market and slaughter-house while the possibility of embarking on an electric lighting scheme is under consideration.”

The Commissioners of Darjeeling are reported to have shown considerable interest in the discharge of their duties and to have assisted in the smooth working of the municipality. Commissioners as a body are said to be the progressive and anxious to improve the amenities of their town, which is fortunate in the public spirit and mutual co-operation of its municipal representatives. The Commissioner of the Division observes that no less than three of the municipalities in the division had absentee Chairmen during the year under report ; it seems to be a serious mistake to elect as Chairman a person who is likely to spend most of the year outside the limits of his municipality.

23. The names of the following Chairmen and Vice-Chairmen have been specially brought to the notice of Government by the Commissioners of Divisions on account of the good work done by them, and the Government in the Ministry of Local Self-Government desire to express their appreciation of the public spirit shown by them :—

Burdwan Division.

Babu Santosh Kumar Bose, Chairman,
Burdwan.
Dr. Nishi Kanta Chaudhury, Vice-Chairman,
Asansol.
Babu Gyanada Kinkar Mukharji, Chairman,
Suri.
Rai Mohendra Chandra Mitra Bahadur,
Chairman, Hooghly Chinsura.
Babu Prosad Das Mullik, Vice-Chairman,
Hooghly-Chinsura.
Babu Baroda Prosad De, Chairman, Serampore.
Mr. T. W. Palmer, Chairman, Rishra-Konnagar.
Babu Nrisingha Das Basu, Chairman,
Rishra-Konnagar.

Babu Hari Charan Chatarji, Vice-Chairman,
Rishra-Konnagar.
Babu Siva Narayan Mukharji, Chairman,
Utterpara.
Babu Debendra Nath Mukharji, Vice-Chairman,
Baidyabati.
Mr. R. B. Laird, Chairman, Bhadreswar.
Babu Jatindra Nath Banarji, Vice-Chairman,
Bhadreswar.
Mr. W. Allan, Chairman, Champdani.
Babu Kumud Bandhab Mukharji, Vice-Chairman,
Champdani.
Rai Bhagabati Charan Kundu Bahadur,
Chairman, Bansberia.

Presidency Division.

Rai Barada Kanta Mitra Bahadur, Vice-Chairman, Naihati.	Babu Ramendra Kumar Roy Chowdhury, Vice-Chairman, Baruipur.
Rai Shama Charan Bhattacharji Bahadur, Vice-Chairman, Bhatpara.	Babu Tarapada Mazumdar, Chairman, Kushtia.
Maulvi Saiyad Mafakharar Rahman, Vice-Chairman, Titagarh.	Dr. Hari Mohan Mukharji, M.B., Chairman, Krishnagar.
Mr. W. Cathbert, Chairman, Baranagar.	Babu Janaranjan Roy, Vice-Chairman, Nabadwip.
Babu Panchu Gopal Chakrabarty, Vice-Chairman, Baranagar.	Babu Nogendra Nath Mukharji, Vice-Chairman, Ranaghat.
Rai Kripa Nath Dutt Bahadur, Chairman, Cossipore-Chitpur.	Babu Nilmony Bhattacharji, B.A., Vice-Chairman, Berhampore.
Babu Upendra Chandra Banarji, M.A., B.L., Chairman, Maniktala.	Syud Sadek Reza, Chairman, Murshidabad.
Mr. J. A. Murray, Chairman, Garden Reach.	Raja Bijoy Singh Dudhuria, Chairman, Azimganj.
Mr. Unsud-dowlah, Vice-Chairman, Garden Reach.	Babu Sachindra Nath Roy, Chairman, Dhulian.
Babu Siva Das Roy Chaudhury, B.L., Chairman, Baruipur.	Babu Keshab Lal Roy Chowdhury, Chairman, Jessore.

Dacca Division.

Nawab Khwaja Muhammad Yusuf, Chairman, Dacca.	Babu Nil Ratan Mukharji, Chairman, Nalchiti.
J. DeLisle, Esq., Chairman, Narainganj.	Maulvi Muhammad Hossainpali, Vice-Chairman, Barisal.
Babu Rajani Kanta Chatarji, Chairman, Jhalakati.	

Chittagong Division.

Babu Upendra Mohan Mitra, Chairman, Comilla.	Babu Purna Chandra Chakrabarty, Chairman, Brahmanbaria.
--	---

Rajshahi Division.

Babu Jogindra Chandra Chakrabarty, M.A., B.L., Chairman, Dinajpur.	Babu Purna Chandra Roy, Vice-Chairman, Bogra.
Babu Barada Kanta Ganguli, Vice-Chairman, Dinajpur.	Mr. R. B. Addis, Chairman, Kurseong.

By order of the Government
(Ministry of Local Self-Government),

S. W. GOODE,

Secretary to the Government of Bengal (offg.).

FORM NO. I.—Statement showing the constitution of the Municipalities in the Bengal Presidency during the year 1920-21.

Name of district.	Serial number of Municipality.	Name of Municipality.	Act under which constituted.	Population within municipal limits.	PARTICULARS AS TO CHAIRMAN.				NUMBER OF MEMBERS OF COMMITTEE.										Total number of meetings held including those specified in columns 19 and 20.	Number of meetings out of the total in column 18 which proved abortive for want of a quorum.	Number of meetings out of the total in column 18 which were adjourned.	Average percentage of officials present at each meeting.	Average percentage of non-officials present at each meeting.	Average percentage of all members present at each meeting.
					Elected non-official.	Elected official.	Nominated non-official.	Nominated official.	Ex-officio.	Nominated.	Elected.	Total.	Official.	Non-officials.	Europeans.	Indians.
